Reaching souls around the World with the Gospel of Jesus Christ
Also, giving everyone a free King James Bible

Greetings Brothers and Sisters in Christ Jesus, and supporting Churches:

Recently, on Montana State University, the Lord personally used me to lead a lost soul to a saving knowledge of Him. The Lord Jesus is alive and still in the business of seeking and saving that which was lost. I cried, and cried until I had to get somewhere alone and ask the Lord why was I crying so much? What came back in my heart “This is what it’s all about.”

I checked today on countries reached in past 28 days with “The Way of Life App ministry.” Here they are - United States, Bangladesh, China, Chile, Brazil, Costa Rica, Nepal, Turkey, Spain, South Korea, Japan, Canada, Finland, Hong Kong, Belgium, Russia, Mexico, Romania, Kenya, Austria, Ireland, Germany, Bulgaria, Dominican Republic, Peru, Denmark, India, Norway, Vietnam, Belarus, Kazakhstan, Slovakia, Mongolia, New Zealand, and Thailand. At present, there are more downloads on Apple version in China than all other countries put together, including the USA!

We must respond to this great interest shown in China. I will be working on getting the bible in Mandarin. Also, working with a translator that will translate preaching videos in Chinese. The Lord has lead me to Los Angeles. I will be going on some of the largest Universities in the world here in California, Universities that are heavily populated with English speaking foreign students from all around the world.

I just ordered 10,000 cards that have the plan of salvation on back and how to download the App on front. They cost 350.00. I still sleep in my car as I travel, and am still at about 1000.00 per month support with current monthly’s over 2000.00 per month before I put gas in my car or eat! Please support this ministry -it navigates individuals to every ABA church in the country.

These are my urgent needs

1. Money to pay for cards to hand out on University Campuses-350.00 plus shipping.
2. Projector to show work in Churches (My projector has quit after 138 Churches)
3. Annual fee to kept App free for apple products 105.00
4. Chinese Bible (Mandurian) Estimated 2000.00
5. And as always monthly support from Churches.

I love the LORD Jesus Christ, and my heavenly Father, and I love what He has me doing for Him and His Kingdom.

For whosoever will save his life shall lose it; but whosoever shall lose his life for my sake and the gospel's, the same shall save it (Mark 8:34-35).
