Greetings, Brothers and Sisters in Christ Jesus our LORD (March and April Report).

The App ministry is running, available free to the entire world, with preaching, free bibles in three different languages, videos of many major universities visited and navigates individuals to the nearest ABA Churches to them. Eight-thousand cards with the plan of salvation and how to download the App were sent to all supporting Churches since last report.

I recently meet a young man in a laundry mate who had just graduated High school. He worked at a local restaurant as a dishwasher forty plus hours a week. I talked to him for quite a while about the Lord Jesus Christ and what Jesus had done for us both. I shared with him many scripture verses found in God's word. Noticing the smart phone in his hand I told him about a cool app that had preaching and the bible on it, and it was free. He asked me how to find the app. I told him to go to www.JesusSaves.Life and he could click which every tab he needed for the type of phone he had. He found the app and installed it on his phone. I then watched him for what seemed liked forty-five minutes read the KJV bible from his smart phone. He was so thankful for the app and said he would share it with his friends. What an encouragement to watch someone read and enjoy something that took so much work to make available. Just as I took pleasure in watching him, the Lord Jesus takes pleasure in us when we take the time to read His word and witness for Him to others.

The last letter and report sent to 158 churches asking them for help and support was responded by only four different churches of the 158. Springfield LMBC of Oregon, Emanuel MBC, Happy Valley MBC, and Liberty MBC. Their love offering has and will help this ministry and the Lords cause. Regular monthly support stands at approx. 1100.00 dollars a month and I am very thankful to each Church that supports this ministry. My God will bless every one of you!

In Christ name thank you all and please remember me in prayer.
